Dedication

This 1954 edition of the VOX is dedicated to Mr. Paul A. Bucks, our science teacher.

Mr. Bucks, a Lancastarian, has guided us through our four years in general science, biology, chemistry, and physics. He works diligently to prepare us for the presentation of superior projects for the annual science show. This activity, which he originated several years ago, has been extremely successful due to his intense interest.

A true scientist, Mr. Bucks has used his technical knowledge in producing practical and time saving devices for his home.

To show appreciation to Mr. Bucks for his contributions, we would truly like to see one of our class become an outstanding international figure in the world of science.

Mr. Paul A. Bucks

Class Song of 1954

K. Fassnacht H. Weitzel

We praise thee, Al-ma ma-ter there's feeling in our Hearts. We
Know that we will miss thee for soon we must de- part. With-
in our hearts there is a thrill that lin-gers on and on en-
dur-ing through the Gold-en light of each suc-ceed-ing Dawn.

Remember all the things that count the most of all,
The golden times that left us almost beyond recall,
Though untrue friends may cause you grief there's no need to deplore,
The faithful ones you'll find were in your class of fifty-four.

Senior Class Officers

President — John Weinhold

Vice President — Dale Kilhefner

Secretary — Marion Brubaker

Treasurer — Harold Weitzel

Walter Augsburger
"Auxy"

This dark-haired young lad hails from the mountains of Blainsport. His country home, however, does not keep him behind the times with the happenings of the countryside. Almost any time he can be seen scooting around in his '53 Pontiac.

"Auxy" has a wide range of hobbies which are centered around his 4-H activities. At any farm show one may see his prize steers, sheep, capons, or any other of his various exhibitions. Last year Walter was chosen as one of the four best livestock judges in the county. This enabled him to compete in the 4-H Club Congress in Chicago.

We know Walter will excel as a 4-H Club leader or a county agent. In your future, "Auxy", may all your attempts be "Grand Champions".

Mixed Chorus 1, 2, 3, 4; Science Club 1; Hi-Notes 2, 3, 4; Intramural Softball 2, 3, 4; Baseball 2.

Frederick Cyrus Bowman

"Fritz"

Fred's a short fellow with brown eyes and dark hair. He has been with us ever since we entered first grade. Although small in stature, he is not concerned about this fact. It goes without saying that Fred cannot be moved with dynamite. An easy going boy, he is accompanied by his faithful friend "Hix".

For six years Fred has been a snare drummer in the percussion section of Mr. Gates' music makers. Dependability and accuracy mark his performance here.

Fred's chief joy and pride is his motor bike. This method of transportation gives him many hours of pleasurable roaming. He aims to keep this vehicle in ship-shape condition.

The class of "54" wishes you luck in whatever you attempt.

Band 1, 2, 3, 4; Mixed Chorus 1, 2, 3, 4; Intramural Softball 2, 3, 4; Intramural Basketball 2.

Pearl Pauline Boyer

"Pearl"

This jolly lass hails from Reinholds. Pearl is usually seen with a group of giggling girls.

Her after school hours she spends working as a waitress which she finds very enjoyable. In study halls most of her time is spent wisely.

In her spare time you will find her painting glass as a hobby. Her Saturday nights are often spent at a hoe-down which she says is her most pleasant sport.

At home, housework is her main task, which will make some lucky man very happy some day.

Pearl, in the future as a waitress, we wish you the most of success.

Arts and Crafts Club 1, 2, 3; Mixed Chorus 4; Commercial Club 4.

Marion Irene Brubaker

"Marion"

Neat, pert and lively describe this vivacious girl from Reinholds. As a commercial student, Marion excels in her chosen course.

Marion is a full-hearted supporter of all her class activities. She displays her secretarial ability in keeping the records for the senior class. After school hours Marion is kept busy at Winter's Pajama Factory in Reinholds. During some of her spare time she can be found playing the piano or organ for some of her church functions.

We all know that Marion will be a model secretary and that she will do her work well. As you leave, Marion, the class of "54" wishes you the best of everything.

Mixed Chorus 2, 3, 4; Arts and Crafts 1; Guidance 2; Commercial Club 2; Vox Staff 4; Class Treasurer 1; Class Secretary 4.

Eleanore Elaine Buchter

"Shorty"

Petite, neat, and studious are descriptive adjectives for this young lass from the "hills of Schoeneck over". One of "Shorty's" most prized possessions is her driver's license.

Eleanore displayed her business prowess as a member of the business staff of the Vox. She also furthered her knowledge in the field of business by working at the Howard Johnson Restaurant.

In school "Shorty" and her giggle are famous. Her hilarious nature, however, does not prevent her from being a top-notch commercial student. She excels in typing, bookkeeping, and shorthand.

In the secretarial world of the future Eleanore will be a lucky find for a fortunate employer.

Special Chorus 1, 2; Girls' Chorus 2; Arts and Crafts Club 1, 3; Vox Staff 4; Guidance Club 2; Mixed Chorus 3.

Kenneth Fassnacht

"Bla"

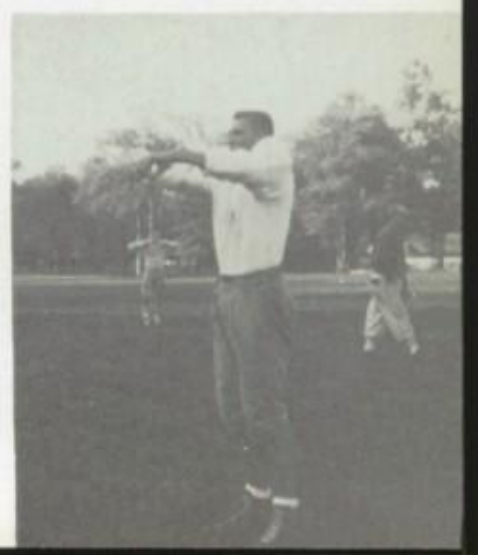
"Kenny" is the only three letter varsity man in the senior class. His height and build are indispensible on the football field, on the basketball floor, and on the baseball diamond. As captain of the football team, "Snooky" often supplied needed energy.

As a poet, "Bla" played an important part in the production of the Hi-Notes. With "Goosie" he was in charge of the humor column.

Kenneth possesses a true-blue heart. Often his eyes wander to the junior room and frequently he can be found talking to their treasurer.

With all these attributes it would seem natural that Kenneth would become an excellent physical education teacher. May all your tries be touchdowns, "Kenny".

Mixed Chorus 1, 2, 3, 4; Science Club 1; Hi-Notes 2, 3, 4; Intramural Softball 2, 3, 4; Intramural Basketball 2, 3, 4; Intramural Ping-Pong 1, 2; Dartball 1, 2, 3; Volleyball 1, 2, 3, 4; Baseball 2, 3, 4; Basketball 1, 2, 3, 4; Football 3, 4.



Richard B. Gensemer

"Dick"

"Dick" is one of the Reinholds rooters. Sailing along in a 1953 Plymouth, he seems to be searching the countryside for the location of his future farm.

"Dick" might be our youngest class member but this doesn't deter him from actively participating in all class functions. Quiet and peaceful, he never has been a study hall menace. Richard doggedly pursues all his school subjects.

In the high school band "Dick" slides around with the other trombonists. In Richard, Mr. Gates has a loyal musician.

Lancaster County will be fortunate in retaining Richard as one of its farmers.

Mixed Chorus 1, 2, 3, 4; Band 2, 3, 4; Science Club 1; Intramural Baseball 3, 4.

Robert E. Gensemer

"Goosie"

"Goosie" is a fine-looking fellow who hails from Denver. He is usually seen up in Reinholds at a certain sophomore's place.

"Goosie" has played sports in all four years at Denver. He is a great pitcher and was a magnificent player in helping us to win our baseball championship in '52 and '53. He also is the dashing halfback for our football squad.

He also is one of our class comedians. In study halls you can find him busy? ? ? In future years he wishes to be a C. P. A. We wish him all the happiness and luck in future years.

Baseball 2, 3, 4; Intramural Softball 2, 3, 4; Football 3, 4; Intramural Basketball 2, 3, 4; Student Manager Basketball 3; Tennis Tournament 2; Hi-Notes 3, 4; Student Council 2; Science Club 1.

Earl Richard Gerhart

"Richy"

The oldest member of the class, "Richy" has one of the shortest distances to walk to school. He is rarely seen walking, however, because he sports a '52 "Chevie".

Richard's heart is sold and tied securely to a blonde freshman. This might be the reason he arrives in school just in time to escape the last bell.

His literary interests are limited to books of mechanics. Some day Richard hopes to be a top-notch auto mechanic. He is beginning now by keeping his own car in ship-shape condition.

Uncle Sam will probably take care of his future, but after his Army hitch Richard will surely be found working in a garage.

Science Club 1; Guidance Club 2; Current Events Club 3; Commercial Club 4; Chorus 1, 2, 4; Intramural Baseball 3.

J. Edwin Harting

"Eddie"

"Eddie" is one of our Blainsport residents. Over country roads and city streets he can be seen skimming along in his 1940 Pontiac. Should this piece of metal fail to perform its duties, Edwin is quite able to deal with any such situation. Reason: his spare time is spent in his father's garage.

"Eddie" is an academic student. Time in study halls finds Harting "busy" (?) with higher mathematics and the sciences. His mild exterior covers a bold interior.

Ever since "Eddie" was a little fellow he has been mastering the cornet. "Eddie's" mechanical and musical abilities will afford him a successful career.

Band 1, 2, 3, 4; Dance Band 3, 4; Intramural Softball 4; County Band 2, 3; Mixed Chorus 1, 2, 3, 4.

Shelby Rosine Hirneisen

"Shelby"

Shelby is the attractive, dark-haired, talkative girl who pals with the Reinholds gang. She is usually seen at the Reinholds Restaurant with Betty. She studies when she is in the mood; therefore, she seldom studies. Often she is called a menace in the study halls for her talkative manner.

This lass is a welcome addition to Stunzi's Knitting Mill where she works during her after school hours.

According to her, her distant years do not yield any definite plans, but we are sure success will be her fortune in all phases of her life.

Good luck, Shelby!

Mixed Chorus 2, 3; Arts and Crafts Club 1; Guidance 2; Commercial Club 3.

Irene M. Kauffman

"Irene"

This pert, brown-eyed lass with her charming smile and gay laugh always manages to help keep things "popping".

An excellent commercial student, Irene doesn't spend all her time studying. She supports all class functions and her cheerleading provides a valuable spark on our varsity cheerleading squad. As business manager of the Vox staff, she has been a great asset. Her after school hours are spent diligently working in Winter's Pajama Factory.

As a secretary or a housewife, we all know Irene will perform her duties in an excellent manner. Best wishes to you, Irene, from the class of '54.

Vox Staff 4; Cheerleader 3, 4; Mixed Chorus 2, 3, 4; Arts and Crafts Club 1; Commercial Club 3; Guidance Club 2.

Robert Dale Kilhefner

"Dale"

Dale is one of Hemmerich's right hand men. For two years he has spent much of his spare time loafing at this hosiery mill. The other part of his leisure time finds him traveling the road to Schoeneck.

As an athlete, Dale indulges in golf and basketball. He has been instrumental in the initiation of a school golf team. In basketball Dale has played equally well as forward or guard.

As a member of the yearbook photography staff and also a former Hi-Notes reporter, Dale has added to the literary productions of our school.

In the future he hopes to join forces with Uncle Sam's Navy. Clear sailing, Dale.

Basketball 1, 2, 3, 4; Baseball 1, 2; Golf 4; Sports' Club 1; Hi-Notes 2; Current Events 3; Vox Staff 4; Mixed Chorus 1, 4; Tennis Tournament 1; Intramural Softball 2, 3, 4; Class President 1; Class Vice President 3, 4.

Emma Minetta Martzall

"Minetta"

Minetta is perhaps one of the quietest members of the class, however, this is not entirely true. Minetta is a dependable, industrious girl, who can always find something to do.

Although she is kept very busy in school, Minetta also has many outside activities. In her spare time at noon and evenings after school she can be seen waitressing at the Denver Diner, or else delivering newspapers to Denver porches.

Conscientious in all she attempts, Minetta is diligently working in the commercial field. We are sure that whether Minetta continues either in her waitress or commercial career, she will be successful.

Mixed Chorus 1, 3, 4; Arts and Crafts 1, 3; Guidance Club 2; Student Council 4.

Marion Mae Meckley

"Sis"

A Schoeneckite, Marion is a possessor of sparkling brown eyes and neat black hair. An energetic physics and math student, she is perpetually concerned about her average in the former subject. Needless to say, she really has no cause for her deep concern.

Romantically speaking, "Sis" has eyes for only one male. Her gaze never leaves the senior class.

Marion is one of the two girls who belongs to the honored dance band. Her trusty trumpet can be heard on Friday afternoons in the senior band. This occurs when she is not busily helping the Yearbook Staff as assistant editor.

For a vocation Marion has chosen the fine profession of nursing. We are sure, Marion, that your patients will always be glad to see you.

Band 2, 3, 4; Dance Band 3, 4; Mixed Chorus 1, 2, 3, 4; County Chorus 2, 4; Arts and Crafts 1; Vox Staff 4; District Chorus 4.

Pauline Fay Pannebecker

"Polly"

With green eyes, dimples and long naturally wavy hair, Pauline is the envy of many girls. Her intelligence plus unbounded energy and a great ability for work have enabled "Polly" to reach goals which other pupils never even see.

Pauline's mastery of the English language and her versatility in the field of art have produced a most capable yearbook editor. Rarely are so many assets found in one person.

She is one of the few of the weaker sex to attain high averages in science and mathematics. Pauline is an avid supporter of the Schoeneck baseball team.

Some elementary pupils are going to acquire a superior teacher in the not too distant future.

Arts and Crafts Club 1; Student Council 2, 3; Vox Staff 4, Editor; Mixed Chorus 1, 2.

Lillie Catherine Ross

"Lillie"

Punkin and Lillie are inseparable companions. Who is Punkin? He is Lillie's tried and trusted steed. Living on a farm near Blue Lake, Lillie is the outdoor girl of our class. Her favorite pastime is taking care of the animals of which she is so fond.

Lillie does not confine her mode of transportation to her horse, but she is also a wicked driver of a '39 Plymouth coupe. The curves and bumps of the Greenville Road take note when Lillie comes jogging along.

In school Lillie is a co-operative, dependable student. Her dry humor has sent her friends rollicking. For her future profession Lillie has selected nursing. We know all sick people will welcome the tall, lean lady in white.

Guidance Club 2; Current Events 3; Vox Staff 4; Class Secretary 1, 2; Arts and Crafts 1; Mixed Chorus 1, 2.

Dolores Ann Rupp

"Ruppy"

"Ruppy" is a swell classmate and a great baseball player. As a matter of fact Dolores plus three or four other senior girls comprise the senior gym class. "Ruppy" can play pitcher, catcher, shortstop or fielder equally well.

She is a true class supporter. At all activities "Ruppy" willingly lends a hand. Although she is not on the Vox Staff, Dolores and her camera have been valuable to the production of the yearbook.

One of the chief places of interest is "Kassie's" Hudson Jet. Often these two ladies of leisure are seen speeding around together.

Years ahead will find "Ruppy" aiding Uncle Sam.

Best wishes and good luck to you in your future years in whatever you attempt to do.

Mixed Chorus 1, 2, 3, 4; Intramural Basketball 1, 2; Arts and Crafts 1, 2; Current Events 3, 4.

Lenora Jane Shenk

"Lenora"

Blonde, active, busy, and co-operative, this farmerette rides the school bus from Cocalico. Lenora has many abilities and a versatile personality.

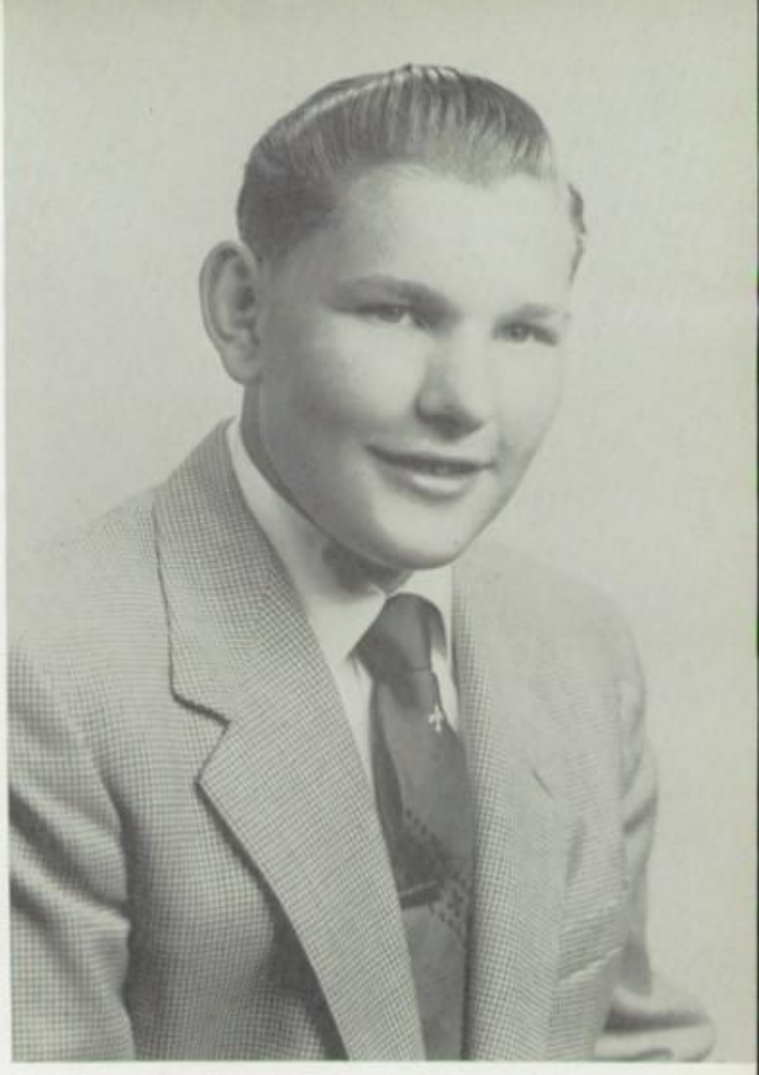
The only four year senior cheerleader, she is also a sharpshooter on the basketball floor. Did you observe the skirts of the cheerleaders? Lenora was the responsible seamstress.

In the field of journalism Lenora has served as editor of the *Hi-Notes*. During her reign in this capacity, Lenora produced a paper which could be a credit to any school.

Lenora doesn't confine her efforts only to her school and home but also to her church. She is always a dependable willing worker.

As a home economics teacher or an elementary teacher, Lenora, we wish you our best.

Band 2; Mixed Chorus 2, 3, 4; County Chorus 2, 3, 4; Hi-Notes 1, 2, 3, 4; Cheerleader 1, 2, 3, 4; Intramural Basketball 2; Intramural Ping-Pong 2.



Dale LaMar Shober

"Dale"

The third son in a family of six boys, "Dale" is keeping alive the Shober tradition in the Denver High School. Perhaps both the English and Science teachers wish that "Dale" would be more conspicuous by his absence.

"Dale" can always be counted upon to help the struggling seniors in their various projects. Always quite willing to begin a project, he can be counted upon to finish it, too.

Looking forward to a career in either electronics or electrical engineering, "Dale" will be the necessary cog in the wheel of success in one of these fields. As you go forth to recharge the world, we the class of "54" wish you lots of luck.

Student Council 3, President 4; Guidance 2; Mixed Chorus 1, 2, 3, 4; Science Club 1; Intramural Baseball 3, 4.

Evelyn Louise Stafford

"Staff"

Louise would fit the classification as the brain of the class. In addition to carrying a heavy academic schedule she also manages to find time for second year typing. Louise seemingly has the ability for completing her assignments without spending much time on them.

As Manager of the Curtis Campaign, Louise was able to keep all her records straight and end the drive with only $6.20 left to reach the goal. Class Bake Sales are Louise's specialties and headaches.

One of the most avid sports' rooters for Cocalico Union, Louise willingly attends all athletic functions.

Although Louise aims to become a dental hygienist we feel sure her profession will be elementary teaching.

May your pupils all be bright ones, Louise.

Band 1, 2, 3, 4; Mixed Chorus 1, 2, 3, 4; County Chorus 1; County Band 1, 2, 3; District Chorus 3, 4; Vox Staff 4; Intramural Basketball 1, 2.

Oscar Wayne Stayer

"Daddy"

A newcomer from California, Wayne became readily adjusted to his Pennsylvania environment. In order to familiarize himself with the Lancaster County scenery, he can be seen cruising around the countryside in his '49 Dodge.

Although Wayne resides with a school teacher, he finds that this is no asset in receiving help with his homework. In school he maintains a quiet and unassumed manner.

This tall lanky westerner enjoyed track in San Jacinto High School. Here in Denver he helped spark the senior intramural softball team.

We hope, Wayne, that the Pennsylvania climate will encourage you to remain here as an agricultural expert.

Mary A. Strong

"Mary"

Returning to rejoin many of her old classmates at Denver High School, Mary is a welcome addition to our class. After leaving Greenville she spent three years at Milford Mill Senior High School, Maryland.

Here at Denver "Mary" appears to be quite studious and calm. We feel that she is a definite asset to the class of "54" in this respect. She has not become acquainted with us well enough to fully understand us. However, her quiet co-operation is an essential characteristic.

We hope you have success in whatever you do in your future years.

Mary Fay Stuber

"Mary"

This cute, blond girl with the infectious laugh who resides in Denver, is a faithful and hard working friend of all. She can be seen diligently studying at practically any time.

"Mary" is not satisfied with confining her interests and talents to studying, as head of the literary staff she did an excellent job. She can also be seen marching with the band playing the baritone. When it comes to borrowing the Pontiac to transport the seniors, Mary can always be counted upon.

One of the seniors who intends to enter the field of nursing, she is sure to make the grade. Lucky are the patients whom Mary will attend.

Band 1, 2, 3, 4; Mixed Chorus 1, 2, 3, 4; Intramural Basketball 1, 2; County Band 1; Vox Staff 4, Literary Editor.

Betty Jane Vogel

"Bets"

From McCaskey Betty came to us in our junior year. She added to the feminine pulchritude of our class. Long black tresses and sparkling dark eyes distinguish this maid from Reinholds.

As she ambles leisurely through the halls, "Bets" is most often seen in the company of Shelby. These two are among the seniors who have their homeroom in the office.

Quite a few of Betty's hours are spent waitressing at the Reinholds Restaurant. Here she gives efficient, courteous service.

Betty's presence at the restaurant is probably the reason for a certain young man's frequent visits.

In the years that lie ahead, Betty would like to enter one of the women's auxiliaries of the armed forces. May the best of luck be hers.

Dolores Elaine Wealand

"Dolly"

One of our more cheerful classmates, "Dolly" flashes dark eyes and shows sparking dimples. Whenever a giggle resounds through the halls, there is Dolores.

She can be counted upon to do her share of work for the class. Hailing from Schoeneck, she, with the other two classmates from this small hamlet, have spent many minutes traveling the winding path to Denver.

"Dolly's" infectious personality has lured many of the opposite sex to her door. She is, however, still looking for the one and only.

Her plans for the future include a husband, home, and children. We feel certain that some lucky man will be happy.

Mixed Chorus 1, 2, 3, 4; Arts and Crafts 1, 3; Guidance Club 2; Student Council 4.

John LeRoy Weinhold

"Hix"

John is our tall, rangy class president. For two years he has been able to steer us through our many difficulties. Many times this position has caused him headaches.

Definitely a ladies' man, John is an extremely neat dresser. His feminine interest carries him as far away as the state of New York. However, this does not hinder him in surveying local beauties.

John is a good student although he states that school teacher parents are no guarantee of help at home. His interest and excellence in higher mathematics will be invaluable to his engineering profession.

In basketball and baseball John adds his height to the team. As the one voted "most likely to succeed", John, we know you will attain that goal.

Basketball 1, 2, 3, 4; Baseball 2, 3, 4; Mixed Chorus 1, 2, 3, 4; Band 1, 2, 3, 4; Dance Band 3, 4; Intramural Baseball 2, 3, 4; Intramural Basketball 1, 2, 3, 4; Vox Staff 4; Class President 3, 4; Curtis Campaign 1, 4; Football Scorekeeper 4.

Jay Harold Weitzel
"Winkie"

"Winkie", a Reinholds devotee, is a true man whose heart never falters. He loyally supports the juniors — could this be due to a small dark-eyed fellow physics student?

A keen man on figures, Weitzel specializes in keeping the class bank account balanced. Through difficult years, his classmates have trusted him with all their funds.

As a musician, Harold can be found diligently pursuing studies in the piano, organ, and clarinet. Sundays "Professor" Weitzel enthusiastically lends his time and talent as the organist of the Gouglersville Lutheran Church.

In four years Harold hopes to be the proud possessor of a degree in music from Lebanon Valley College.

We know, Harold, your fondest dreams will come true.

Band 1, 2, 3, 4; Dance Band 3, 4; Mixed Chorus 1, 2, 3, 4; Pianist 1, 2, 3; County Band 1, 2, 3, 4; County Orchestra 3; District Band 2, 3; State Band 3; Class Treasurer 2, 3, 4; Vox Staff 4, Photography Editor; Intramural Baseball 3, 4.

Mildred Marie Wolf
"Millie"

"Millie", a short dark-haired lass, hails from Cocalico. Whenever there is a giggle "Millie", Anna Mae, and Pearl are sure to be in the vicinity.

During the summer she earned that much desired green paper by putting in long hours at the slip factory in Hopeland. Adding this to her work at home found "Millie" a busy young miss.

In school Mildred keeps Mr. Gates happy by tooting a clarinet in the senior band. For several years she also struggled with a baton.

In the future Mildred will be seen pecking away at a typewriter or digging into a file. May your future years be joyous, Millie.

Band 3, 4; Mixed Chorus 2, 3, 4; Arts and Crafts 1.

Anna Mae Yost

"Neutz"

Anna Mae, a future secretary, is one of the girls who is struggling through second year shorthand and bookkeeping. She is quite talkative and friendly. Her study hall time is spent discussing the failures and the successes of the opposite sex.

In the summertime Anna Mae claims that she received a salary for watching television. In reality, she is keeping house. The practice in this art will enable her to be a better mate for that still unfound man.

Most of Anna Mae's spare time is spent studying. She also finds pleasure in listening to records.

May your secretarial future insure you marital success, Anna Mae.

Band 3, 4; Mixed Chorus 2, 3, 4; Arts and Crafts 1, 2, 3.

Jean Lorraine Zerbe

"Zerbe"

Jolly and friendly are two adjectives that describe Jean. Jean's artistic ability is displayed in the drawing for the B. T. N. of the *Hi-Notes*.

She is a girl who can truly vote for the union of the Cocalico District. Her reason is that her heart is owned by a Swartzville resident.

Her father's owning a potato chip factory is probably why "Zerbe" has been called upon to bring this item of food to class functions.

In the Muddy Creek choir, Jean eagerly lends her voice to the rest of the vocalists.

Included in her many plans for the years of tomorrow is a full art career. May all your landscapes be beautiful, Jean.

Mixed Chorus 1, 2, 3, 4; Arts and Crafts 1, 2; Current Events 3; Hi-Notes 4; Intramural Basketball 1, 2.

History

September, 1950 — 59 of us entered Denver High School. Like all other freshmen we were "tops". Our homeroom teacher, as well as our Latin instructor, was Miss McCleaf. We chose the following to lead us through this year: President, Dale Kilhefner; Vice President, Walter Augsburger; Secretary, Lillie Ross; and Treasurer, Marion Brubaker. Due to the limited activities allowed freshmen we confined our extra-curricular activities to one hayride. As captain for the Curtis Campaign, John Weinhold was chosen. The biggest thrill of this year was the receiving of our high school rings.

Three months later we returned, 39 of us, refreshed by our vacation. Together with the freshmen we supplied food for the Hallowe'en Dance. This was our first accomplishment of our sophomore year. This year our activities were not so limited, so under the leadership of President, Marjorie Fichthorn; Vice President, Walter Augsburger; Secretary, Lillie Ross; and Treasurer, Harold Weitzel, we went to work to add some money to our treasury. We had roller skating parties, and our first dance — Valentine! In spring we made candy and held a bake sale. During the Curtis Campaign, Louise Stafford kept our records. The highlight of this year was the selection of class colors — royal blue and gray — and receiving jackets and hats in these colors. This year we welcomed four new teachers: Miss Siglin, social studies; Miss deFuria, Latin and English; Mr. Gates, music director; and Miss Piersol, art director. Mr. Lutz took over Mr. Krick's position as mathematics teacher and principal when Mr. Krick became Supervising Principal of the newly organized Cocalico Union.

Returning to school in a body of 30, we looked forward to our best year in school up to this time. Harold Weitzel led us in the Curtis Campaign. Highlighting the early part of the year was our selection of class rings with a blue stone to match our class color. We held several bake sales, roller skating parties, and a series of dances in order to raise our budget for the Junior-Senior Prom. We worked and worked to get everything ready for the Prom. However, dampness nearly caused a calamity — our crepe paper "drooped" almost to the floor. Finally we got everything settled and had a very successful Prom, at which Nancy Hagy was crowned queen by our President, John Weinhold. Our other officers were Vice President, Dale Kilhefner; Secretary, Betty Vogel; and Treasurer, Harold Weitzel. This year we also had a change of teachers: Mr. Stewart, social studies and Miss Daily, Latin and English.

September 8, 1953 — Because of an addition of two new students, thirty-one of us entered D. H. S. This was the largest class ever to be graduated from our school. This year our class led the Curtis Campaign, not only as managers but also in sales. The General Managers were Louise Stafford and John Weinhold. Harold Weitzel was our class catpain. We held roller skating parties, dances, and monthly bake sales. We engaged the Bob White Orchestra for the Hallowe'en Dance and we also decorated the gym for this dance. Our officers who led us through our final year were President, John Weinhold; Vice President, Dale Kilhefner; Secretary, Marion Brubaker; and Treasurer, Harold Weitzel. We welcomed Mr. Beam, student German teacher from F. & M. College. As the year neared its end we presented our play which we enjoyed preparing very much. Now we were ready to go to Washington, D. C. Finally the greatest day in our young lives has arrived — Commencement. As we receive our diplomas we look forward to a life which will be enriched by these, our experiences in D. H. S.

Future

In June, 1964, IRENE KAUFFMAN takes her family to the circus, but first the children would like to see what it is composed of, so their mother takes them behind the scenes. There they see MARY STUBER, the nurse who is there to rescue anyone who is hurt in his act, and behind her is LOUISE STAFFORD who aids the dentist in checking the teeth of the performers.

After everyone in the circus is insured of medical protection, Irene and her brood go to the next scene. Here they see the mechanics, EDDIE HARTING and RICHARD GERHART, checking the hotrods that are to enter the race. The mechanics inform the children that the feature attraction will be LILLIE ROSS and her hotrod performers.

They hear an announcement of two feature attractions: a small play will be given by Mr. and Mrs. STAYER and their children; also that flirtatious, little, brown-eyed doll, DOLORES WEALAND, will entertain with a few dances.

Irene shouts with glee when she sees friends of hers from the Armed Services. Representatives from the Navy are BETTY VOGEL and DALE KILHEFNER, who will sing solos. From the Army, MARY STRONG is doing a few exciting stunts on the tightrope; and from the Marines comes DOLORES RUPP, the athletic leader, lecturing on the varied sports program.

Next on the tour is the office. Well, well, sure enough here they find MR. REBER, the boss, and all his secretaries. Since he isn't expecting company, he is painfully embarrassed when Irene sees her former classmate, MARION BRUBAKER, sitting on his lap taking dictation. In the office are also seen SHELBY HIRNEISEN, typing letters, and MILDRED WOLF and ANNA MAE YOST filing invoices. The C.P.A.'s, ROBERT GENSEMER and KENNETH FASSNACHT, walk into the office as the children are ready to swarm out, but this may be interesting, so Irene and her family decide to stay. The accountants see that ELEANORE BUCHTER has made a mistake and they are searching for it. When they find that there is a mistake of $20,000, they warn her that she should be more careful.

Performances

The children heard the band music; their rushing feet carry them to the location of the noise. On the way, they observe the costume designers and the scenery artists who are under the direction of JEAN ZERBE and MISS PIERSOL. The world's largest circus band is led by the famous maestro, HAROLD WEITZEL.

Without lights, no circus would be complete; Irene recognizes DALE SHOBER and MR. BUCKS hurriedly repairing loose connections so that the circus can begin on time. On exhibit they see the largest steers ever raised; they have been raised by WALTER AUGSBURGER, a rancher in the west.

By this time the children's appetites have grown rather hearty and their mother travels to a downtown restaurant. Whom do they see there as waitresses but PEARL BOYER and MINETTA MARTZALL. They tell us that most of the vegetables for the restaurant come from the nearby farmers. The largest and best are raised by WAYNE STAYER and RICHARD GENSEMER.

After finishing a good meal they decide to visit the nearby school where children in the circus get their education. There are LENORA SHENK and PAULINE PANNEBECKER teaching the elementary grades. The music of the school is under the direction of MR. GATES. MR. BEAM is teaching German, but the children are rather disobedient and receive a large assignment which brings many sad expressions to their dear little faces. The school nurse is MARION MECKLEY. Irene talks to her former principal, MR. KRICK, now supervisor of the school district. He informs her that the building was built five years ago and that JOHN WEINHOLD and FRED BOWMAN were the engineers. MR. LUTZ is the salesman that sells each of the school directors a new Cadillac every year. Irene proceeds to history class; the pupils are now studying about MR. STEWART, the president of the United States. They are discussing his interest in the circus rather than golf or fishing. MISS DAILY, the Secretary of the Treasury, is also an interested circus fan; so it looks like the government is a circus government this term.

Tired but happy after a day of fun and meeting old friends, Irene takes her satisfied family home to dream and think about their day at the circus.

Message from Mr. Krick

To the Class of 1954:

Every normal person, at some time during the formative years of his or her life, has hopes and aspirations for future accomplishments. It is neither a shame nor a disgrace to be unable to attend a college or a university to attain your objective by what is probably the best and most desirable way, but it is tragic when you give up because of it. Your success and your happiness will be directly proportional to your understanding of the world about you.
